Subject: Homeless encroaching on F.S. 1 Security

Good Afternoon All...

Over the past several weeks the homeless encampment next to Fire

Station 1 located at 2230 Pasadena Ave has grown significantly. That being said they are moving closer to our morning parking spots when we arrive along Ave. 23. This in turn makes the members park further from the station thus presenting a security issue to their vehicles. With the growing encampment, it has fully engulfed the side walk thus preventing pedestrian traffic as well there is no wheelchair access. In some instances members have pulled up to the homeless defecating in the areas that we train. If you could assist in making the proper notifications to have this area cleaned up that would be great. Your efforts are greatly appreciated

. Thank You!!
